2nd option - Evening arrival (8:30pm - 10pm)

Full Details -

Fly into Coxen Hole Airport on Saturday and take prearranged transportation to Seagrape Plantation resort. Get settled into your beach front bungalow! Breakfast, lunch, and dinner are included in the trip cost! Seagrape is located a short walk from the bustling West End district so feel free to venture into town any time for meals, drinks, or just a change of scenery! We will be holding a Welcome BBQ on Sunday after our first day of diving!

Diving -

All dives will be boat dives, 3 dives a day plus a couple extra totaling 17 boat dives in 5 days! Roatan is a very beautiful place with amazing reef's and variance of sea life, including eagle rays, turtles and even sea horses! We will be diving in the local marine park, very beautiful and protected from fishing so even more life than the rest of the island. The bracelet to enter the marine park is included so no additional fee for the dives. Nitrox is not included as of right now and is \$10 a tank, this is subject to change.

Tours -

On the rest day before we fly back home, there will be a land tour with a very experienced tour guide to show us the beauty of the island as well as what the water has to offer!
